

# IEP Basics

Chesco LIFE is hosting a FREE Parent/Professional Workshop for Chester County Residents

Families can expect to learn the “ins and outs” of the evaluation process, the forms used and how to utilize the reports that are generated to identify educational needs. You will also learn the importance of each part of the IEP, and ways that families can provide meaningful input throughout the IEP process.

Our Presenter: Diane Perry has twenty years of education, advocacy and family leadership under her belt. She is the Eastern Region Parent Advisor for the PEAL Center in Philadelphia. In addition to her work at PEAL, Diane serves as Chair of the State Special Education Advisory Panel. Diane’s son David, 25, received special education services. He is currently attending college, working part time, and being mentored with Self Advocates United as 1 (sau1).
